

## Media Release: Methven Golf Course Webcam

Methven, Mt Hutt Village is alive with the new web cam situated at the Methven Golf Club. With spectacular views of Methven Golf Clubs 1<sup>st</sup> hole and Mt Hutt Ski Field, it will help showcase what a great area it truly is!

Updating its picture every 3 minutes it can offer a true insight to weather conditions in the area and availability on the golf course. The web cam can be accessed by going into Methven Golf Club's website [www.methvengolf.co.nz](http://www.methvengolf.co.nz). Don't be surprised if you log into the website and see what fabulous weather Methven generally has as it misses most of the coastal weather thrown at Ashburton and Christchurch.

Many local businesses have got in behind this venture started by Dan McLaughlin with the aim of creating more awareness of the variety of activities, restaurants and cafes, accommodation and retail outlets Methven has to offer.

**Co to it and check it out!!!**

Date Released: 23 July 2008
